

Amend.

44. (Added) A system as described in Claim 36 further comprising a fourth user device registering with said transmission scheduler and wherein said third user device is configured by said transmission scheduler to communicate a fourth digital stream representing said broadcast information to said fourth user device and wherein said fourth user device is for rendering said broadcast information thereon.

REMARKS

Claims remaining in the present patent application are Claims 1-44. Claims 15-44 have been added herein by amendment. The Applicant notes that no new matter has been introduced as a result of the claim amendments presented herein. The Applicant respectfully requests consideration of the above captioned patent application in light of the claim amendments presented herein.
